## **DETAILED ACTION**

### ***Specification***

The disclosure is objected to because of the following informalities: numerous HEADERS are missing:

#### **BACKGROUND OF THE INVENTION**

Field of the Invention

Description of the Related Art

#### **SUMMARY OF THE INVENTION**

#### **BRIEF DESCRIPTION OF THE DRAWINGS**

#### **DESCRIPTION OF THE PREFERRED EMBODIMENTS**

Appropriate correction is required.

### ***Claim Objections***

Claims 1, are objected to because of the following informalities:

Claim 1, line 3, "the quiescent state" should correctly be --quiescent state--.

Claim 1, line 12, after *included* inserts --in the frequency band--.

Claim 3, line 27, "of this" should correctly be --of the--.

Claim 4, line 6, "of this" should correctly be --of the--.

Claim 6, line 22, "the quiescent state" should correctly be --quiescent state--.

Claim 6, line 25, after *included* inserts --in the frequency band--.

Appropriate correction is required.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 3, 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

Note the last 3 lines of claims 3 and 4, "the output of this generator is connected is optimized".

***Allowable Subject Matter***

Claims 1, 2, 6, 7 are allowed.

Claims 3, 4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

Claims 1-4, 6, 7 are allowed over the prior art because none of the prior art disclosed or suggested showing the particular structure and/or operation recited in these claims namely:

Claims 1-4, 6, 7 call for, among others, a method/function of controlling the amplifiers at various times.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The additional references (Mitzlaff (5,757,229); Shaw (6,107,880); Dent et al. (6,285,251); DeMarco (6,463,269)) show further analogous prior art circuitry.

This art is deemed relevant and should be carefully reviews before any amendment is filed.
